

UPDATE

Attention Camden Pool Aquatics Participants

Lap Swim Program Extended Until 8/26/10

As a result of increased revenue collected during the 2010 Summer Aquatics Program the City of San Jose Parks, Recreation, and Neighborhood Services Department (PRNS) will be extending the Camden Year Round Aquatics Program until Thursday, August 26, 2010.

In the next three weeks PRNS staff will be working to raise approximately \$40,000 to continue aquatics programming at the Camden Pool through December 2010. PRNS staff is looking for donations and community partners to help in the effort of fundraising to support the Camden Pool. If you, your neighbor, a local business, corporation, or organization is interested in donating to support keeping the Camden Pool open through December 2010 please contact Jeremy Shoffner at 408-277-2291 or Jeremy.Shoffner@sanjoseca.gov.

If \$40,000 is raised in the next three weeks PRNS staff will be able to keep the Camden Year Round Aquatics Program open through December 2010. During this time staff will be working to identify an Alternate Service Provider through the Aquatics RFI process starting in September/October 2010. The Aquatics RFI will seek alternate service providers to operate City of San Jose owned facilities and School Leased sites with the intent of continuing valuable aquatics services in the City of San Jose. The RFP will include all six city owned pools (Alviso, Biebrach, Camden Summer, Camden Year Round, Fair Swim Center, Mayfair Pool, and Rotary Ryland Pool), Almaden Lake Park, and support for lease of School District Pools (Santa Teresa HS, Silver Creek HS, and Willow Glen MS).

Thank you for your ongoing participation and support with the aquatics programs here at the Camden Pool.

***For additional information, questions, or concerns please contact Jeremy Shoffner at 408-277-2291 or by email at Jeremy.Shoffner@sanjoseca.gov.**
